EDUCATION

Ascot Internatinal School 2013-2020

King Mongkut's Institute of Technology Ladkrabang 2021-current

SKILLS

Programming Languages

- Python
- C
- C (for arduino)
- HTML
- CSS
- React

SUMMARY

I am an engineering student from King Mongkut's Institute of Technology Ladkrabang University. Majored in Computer Innovation Engineering. I excel in Python and React. I will finish my Sophomore year in the upcoming June.

PAST PROJECTS

Adventure Game
Freshman Term1
Sanny's Adventure", an adventure-based game, which runs the story based on a character, written in Python.

Surveillance Bot
Freshman Term2
Robot that survey the area on ground and streams the camera view to the server. Written in C for Arduino and HTML.
